July 2022

A message from Mr Grimes

After the disruption caused by the pandemic over the past two academic years, it has been a welcome return to some normality and consistency in 2021-22. Although the impact of Covid is still felt, it has been well managed by both students, staff, and families.

My first 'well done' is to all our students. They have had to deal with disruption to their education over the past 3 years and have demonstrated a resilience and positive attitude which will serve them well in later life. They have once again done us proud and took all of this in their stride. As we say goodbye to the Year 11 'Class of 22' I would like to wish them the best of luck once again on behalf of all the staff.

My next message is for the staff who work at the school and in our partner provisions. You have once again worked incredibly hard under challenging circumstances to offer the best school experience for our young people. Your positive relationships with students and fantastic learning experiences are the reason our students attend school and feel happy. You should be extremely proud of the difference you make every single day.

Finally, I wish to thank all parents, carers and professionals. We pride ourselves on making child-centred decisions in partnership with what is the best thing for the wider school community. Without your ongoing support and positive communication, we would not be able to do this effectively.

In April 2022 we welcomed the Ofsted inspection team into the school for the first time since June 2018. I am pleased to say that this inspection recognised all the hard work by governors, staff, students and parents/carers since the previous inspection and judged the school to be 'Good' in all areas. The school community should be very proud of this outcome.

As we look to the future, I would like to say a big thank you to departing staff members for their effort and contributions during their time with us. I would also like to welcome a number of new staff to the school in September and I am confident that they will make a significant contribution to the next exciting phase of the school's future.

I hope you all enjoy your summer holidays.

Thank you,

Mr Grimes

The Hub School:
Judged a 'Good' school

"Leaders are determined that all pupils will achieve highly"

"Parents and carers who contacted inspectors were overwhelmingly positive about the support for their children"

"Relationships between adults and pupils are warm, respectful and friendly"

COVID-19 Information

Guidelines are ever changing, however current rules state it is not recommended that children and young people are tested for COVID-19 unless directed to by a health professional.

Individuals with mild symptoms such as a runny nose, sore throat, or slight cough, who are otherwise well, can continue to attend their education setting.

If a child or young person has a positive COVID-19 test result or displays symptoms including high temperature, fever or chills, they should stay at home and avoid contact with other people for 3 days after the day they took the test.

At the end of this period, if the individual has a high temperature or feels unwell, they should continue to stay at home and avoid contact with other people until 24 hours after they no longer have a high temperature and they feel well enough to resume normal activities.

After 3 days, if they feel well and do not have a high temperature, the risk of passing the infection on to others is much lower. This is because children and young people tend to be infectious to other people for less time than adults.

Children and young people who usually go to school, college or childcare and who live with someone who has a positive COVID-19 test result should continue to attend as normal.

The most common symptoms of COVID-19:

- ⇒ A high temperature
- ⇒ A new, continuous cough
- ⇒ A loss or change to your sense of smell or taste

A Message from the Attendance Manager

Attendance Incentives for Students:

- ⇒ Daily points count towards award Fridays. Students can only get the points if they attend or have a valid reason for their absence (confirmed by parents/carers).
- ⇒ At least 5 sweet treats will be given out each week to lucky winners who have attended for the full 5 days.
- ⇒ At the end of each half term, £5 vouchers will be given to every student with over 95% attendance and £10 vouchers for every student with 100% attendance.
- ⇒ Each half term, the Attendance Raffle will be drawn with the winner receiving a prize worth £20 (each week of full attendance gives you one ticket in the draw).
- ⇒ The Attendance League runs every half term, with the best attending form winning a trophy for the form and a meal from McDonalds.

Well done to all students who received Amazon vouchers and certificates for having over 95% attendance this term and a special mention to Liam Carr for receiving the most improved attendance award.

Well done Liam!

Well done to 7B for being the best attending form this term making them the winners of the Attendance League, they really enjoyed their McDonalds lunch!
